# Index

- 1 APP is actually 2!
- Overview of the APP
  - What does PRO mean
- How they work
  - USER App.
  - RESPONDER App.
- Safe Building App PRO Benefits
- What is next.

# 1 App is actually 2 Apps (1 is 2, 1)

- The Safe Building Pro App has 2 components:
  - USER App is delivered to the Building Users or Occupants. These are the “eyes” and “ears” of the System.
    - There can be thousands of these.
  - RESPONDER App is delivered to and used by the Security Team.
    - There is one of these!

# 1 App is actually 2 Apps (1 is 2, 2)

- **The USER App is loaded onto Smart phones and:**
  - has an easy to easy menu and set up.
  - There are 6 Operational Modes:
    - Standby/Test/Incident/Travel/Tracker/Danger
  - allows the **USER** to communicate instantly with **Security** when needed.
  - When needed, data is delivered to **Security**.
  - The **Security Team** can transfer data back to the **USERS** to help to ensure **Public SAFETY**.

# 1 App is actually 2 Apps (1 is 2, 3)

- The **USER App** transmits to the **RESPONDER App**:
  - Pictures/Audio/Video & Text/Phone logs/GPS tracts
- All data can be **CRITICAL** as evidence and data to reduce the risks in the event of:
  - Personal attacks & thefts
  - Larger disasters, armed assaults, bomb threats etc.

# 1 App is actually 2 Apps (1 is 2, 4)

- The RESPONDER App receives data and locations from the USER App:
  - It sees where the USER is and what the problem is.
- It collects & stores all transmitted evidence and data for analysis and persecutions & learnings.
- It can TRANSMIT critical data to specific USERS when needed.
- When needed it can TRACK Users.
  - Phones can be located. People found.

# 1 App is actually 2 Apps (1 is 2, 5)

- The RESPONDER App can coordinate responses as it can communicate with the USERS.
- It can send out Notifications and Alerts and pictures texts and videos to SPECIFIC locales.
- It can mass broadcast Alerts such as weather etc.
- It can connect those in NEED to those that can help.
- It can be used for Profit and Commercial reasons also.
  - Spatial Sales and Advertising

# The Safe Build App PRO (1)

**Most crimes are “inside” jobs.**

The App is designed to protect the people and Buildings/Facilities that have a supporting Security/Response force trained to respond on behalf of the people found in the Building/Facility.

The PRO model allow Employers to see what is on their Employees phones for greater SAFETY.

# The Safe Build App PRO <sup>(2)</sup>

The App connects all **USERS** to the **RESPONSE** Team.

Designed & customized for:

- Universities, Colleges and Schools.
- Malls, Hotels, Casino and Resorts
- Large Campuses and Office Buildings
- Recreational /Entertainment Venues & Events
- Anywhere **SECURITY** is needed for a big place.

Simply requires **WIFI** with **GSM** back up.

# The Safe Build App PRO <sup>(3)</sup>

- Is delivered to and resides on “smart phones”/tablets/laptops working in or associated with the Building/Facility.
- User Menu has 6 modes.
- Designed to help your SECURITY Team RESPOND.
- Each USER APP replaces a CCTV camera & microphone and comes with an “operator” at 0 cost and 0 hardware costs.

# The Safe Build App PRO <sup>(4)</sup>

- Simple to install & we can train!
- 0 \$ cost of Hardware.
- Private, Safe and Secure.
- Only your systems store the data and Apps.
- Gathers & stores critical data.
- Facilitates **INSTANT** response to where **HELP** is needed.
- Makes your staff feel safer.
- Protects your **CLIENTS!**

# The Safe Build App PRO (5)

- It sheer existence will reduce crime (like a CCTV system).
- Collects critical data.
- Data can be shared instantly.
- Can find lost phones & devices with GPS built in.
- The App has 6 modes:
  - Standby
  - Test
  - Incident
  - Travel
  - Tracker
  - DANGER

SAFE BUILDING APP | MENU

# What does the PRO mean? (1)

- The PRO mode allows the Employer to access the Phones that have the USER app loaded onto them remotely when needed.
- These phones can be examined for clues or evidence that may indicate the Employee is planning a crime at your Facility.
- We can examine:
  - Phone Logs, Pics & Videos, GPS tracks, text and emails vis our Key Logger.

**Most crimes are “inside” jobs.**

# Use as a HR Research Tool <sup>(1)</sup>

During the interview process new employees can be given the App. It can be explained that this Software is used by the Company (this is true) and that they need to become familiar with it.

- These phones can now be examined for clues to ensure they are a good fit for your company.
- We can examine:
  - Phone Logs, Pics & Videos, GPS tracks, text and emails vis our Key Logger.

**Most crimes are “inside” jobs.**

# How the APP works (work 1)

## **USER App**

- Installed on occupants/staff Smart Phones.
- Profile is set up by the occupants/staff.
- USER App is connected to RESPONDER App, no other Contacts.
- Occupants/staff trains to use the app.
- Needs battery power to the device.

## **RESPONDER App**

- Needs a Window PC & Server for installation of System.
- Needs a dedicated cell phone for GSM backup.
- Needs Wifi or Internet on the whole Building/Facility.
- Sees all registered USERS.
- Needs Security trained to use it.

# How the APP works (work 2)

- System needs only to be purchased and installed.
- The USER Menu can be customized.
- RESPONDERS need to be trained.
- The Populace/USERS needs to be educated and trained on the APPs.
- The mere advertising of the system will reduce crime and issues in your facility so be sure to make people aware!

# How the APP works (work 3)

- The RESPONDER App receives alerts and data from USERS.
- USERS are shown on the MAP.
- All data received is KEPT.
- Data received from USERS can be forwarded to USERS that need to know.
- RESPONDER can target other USERS with specific data as a warning.

# Safe Building App PRO Benefits

Most crimes are *inside jobs, we can STOP THAT.*

- ✓ You can check on your staff in **ADVANCE, DURING & AFTER** a crime.
- ✓ Greatly enhanced Security capability!
- ✓ Our App increase Safety & Security.
- ✓ Ability to **WARN** building Occupants in real time of attacks or dangers.
- ✓ Ability to **FIND** those that need **HELP**.

# What is Next (win 1)

- How can we help you to protect your occupants & staff?
- What customization is needed?
- Does your team need training?
- Does your team need response procedures?
- What more could we do for you?
