- What is next.

The Safe Team App (overview 1)

**SAFE
TEAM
APP**

The App is designed to protect your Staff from outside threats or simply to help them when they are in trouble.

- We can help companies with staff working alone or in high risk circumstances. **PROTECT YOUR TEAM!**
- Your staff can be located anywhere as long as they are connected to the Internet you can support them.
- The App **CONNECTS** all **USERS** to the **RESPONDER APP** and your security/response team.

How they work (work 1)

SAFE TEAM APP

USER App

- Installed on Smart Phone.
- Profile is set up.
- RESPONDER predefined.
- Other Contacts added.
- Need Wifi.
- Needs battery power to the device.

RESPONDER App

- Needs a Window Operated PC & Server for installation of System.
- Needs a dedicated Cell phone for GSM backup.
- Needs Wifi or Internet on the whole Building/Facility.
- Needs to have USER App's registered on the system (this is automated)
- Needs Security trained to use it.

Protecting your People!

www.kidnappedapp.com

How they work (work 2)

SAFE TEAM APP

- The **USER** has the App loaded on their phone, they complete their profile.
- When the **USER** needs **HELP** they access the App.
- Help is instantly contacted and certain predefined data sets are **AUTOMATICALLY** transmitted.
- **USER** location is revealed when needed.
- Several “Operational” Modes are available and can be used when needed:
 - **Incident Mode:** Used when Danger is close or being observed.
 - **Travel Mode:** Used when travelling or in a risky circumstance.
 - **Danger Mode:** When the danger is real and happening.
- **RESPONDER** and **CONTACTS** receive notifications and data and respond in the **DANGER** mode.

Protecting your People!

www.kidnappedapp.com

How they work (work 3)

SAFE TEAM APP

- The RESPONDER App receives Alerts and data from USERS.
- USERS are shown on the MAP.
- All data received is KEPT.
- Data received from USERS can be forwarded to USERS that need to know.
- RESPONDER can target other USERS with specific data as a warning.
